Agenda Items:

Old Business:

- a) Discuss/ Propose/ Vote on Approval of Meeting Minutes:
 - i. Meeting Minutes of November 18, 2020
 - Brian Hickey motioned for approval, seconded by Steve Ward, members approved.

New Business:

- a) Briefing on Phoenix Fire Department Hazmat Program
 - i. As Safety Officer, John coordinates the regional Hazmat Class with weekly CEs provided. The region consists of 23 hazmat teams which use automatic aid. Hazmat response functions are scaled and assigned as needed; responsibilities include overseeing mitigation efforts and ensuring appropriate agencies respond. Fire prevention may assist hazmat units through identifying & correcting fire code violations and conducting reporting requirements.

- b) Briefing on Winter Rainfall/Wildfire Outlook NWS Phoenix, Jaret Rogers
 - i. Winter Rainfall: La Nina (dry/warm) weather pattern persists with a 60% chance of transition to ENSO neutral in April-June (anticipating above normal temperatures and below normal precipitation). July-September monsoon season is harder to predict.
 - ii. Wildfire Outlooks: Fuels are below normal due to dry weather, however, larger fuels (trees etc.) remain primed due to lack of rain. Hot/dry/windy conditions in spring and early summer expected to create volatile fire conditions, trending towards and earlier start to the fire season.

- c) Discuss National Response Center (NRC) Reports LEPC Coordinator
 - i. November 1, 2020 through February 28, 2021:
 - 29 reports submitted; no follow ups needed.

- d) Discuss Needed LEPC Plan Review
 - i. Review committee being established; coordinated by Brian Hickey, Kimberly Campbell, and Jesus Haro. The LEPC Plan was last updated in 2016; recommended by MCDEM to review/update procedural processes to reflect current capabilities.

- e) Discuss Needed LEPC Plan Exercise (to be completed 2021)

- i. Exercise planning has been prioritized for 2021 and may be completed concurrently or before the LEPC plan review and update. Brian Hickey recommending tabletop for all members/responding partners to streamline processes/understanding of LEPC capabilities.
