BOARD OF ADJUSTMENT PROCESS

1. After it has been determined that the initial submittal is complete, the filing fee per Zoning Ordinance requirement is to be paid by the owner or owner's authorized agent (checks should be made payable to "Maricopa County Planning and Development"). A receipt will then be issued and a case number assigned.
2. As of September 13, 2013, the Variance and Interpretation process shall be subject ARS § 1605, a State statute that mandates establishment of timeframes to either approve or deny a "license" as defined by the statute. The full statute may be viewed at:

<http://www.azleg.gov/arstitle/>

The statute sets up two types of review timeframes: Administrative and Substantive. The Board of Supervisors (BOS) through the P-30 Licensing Timeframes Ordinance has adopted a 25 day administrative timeframe and a 75 substantive timeframe for Variances and Interpretations. **Notwithstanding these maximum legislative timeframes,**

the Department has established a maximum 75 day timeframe for scheduling a Board of Adjustment case for a hearing from time of application. An application related to a residential use is not subject to the statute. An application that is part of design build project may establish negotiated time process during the pre-application meeting.

Administrative Review Period

The statutes allow for multiple reviews during the administrative review period.

Substantive Review Period

Only one review is allowed for the substantive review period. The County can amend the substantive review comments to address legal requirements not identified on the original substantive review comments.

The applicant can authorizes a 50% time increase. This authorization can be given at time of application or at any time during the process.

After receipt of an application, the administrative review period begins and Planning will review for administrative completeness. The applicant will receive a formal response from their assigned planner for all reviewing agencies and may be required to submit additional information. Once administrative comments have been given to the applicant, the timeframe clock will stop and will resume upon resubmittal of the application materials. Once the application is deemed administratively complete, the planner will formally notify the applicant that the project has entered the substantive review period and technical comments will be given to the applicant within a reasonable timeframe. The substantive timeframe clock stops from receipt of comments until the applicant makes a formal resubmittal.

At any time during the process, an applicant can check the status of their application by viewing the Citizens Access Portal on the Planning and Developments website:

<https://accela.maricopa.gov/citizenaccessmcoss/>

The applicant's assigned planner can also be utilized as a resource for checking application status. If at any time comments are given to the applicant, a notation will be made as to the administrative or substantive timeframe remaining which will not resume until a resubmittal is made. **Note:** It is very important to return the planner's comment memo upon resubmittal so that the appropriate statutory timeframe can resume.

3. Depending on the comments received, the application materials may need revisions. The owner or authorized agent must submit revised materials to the OSS. The applicant's resubmittal must meet the County's technical requirement or it will be denied. Additionally, an administrative decision of denial can be made if the Director finds that it is not possible to grant the application within the timeframe or the applicant has not provided additional or supplemental information within 90 days (not working days) of a written or electronic request for said information.

4. Once staff is satisfied that technical requirements have been met, staff will schedule the request for hearing at the first available Board of Adjustment meeting. At this time, the substantive timeframe clock will stop. The Owner or owner's authorized agent will be given the staff's written recommendation to the Board approximately 5 days prior to the hearing. The Board of Adjustment meets at 10:00 a.m. in the Board of Supervisors' Auditorium at 205 West Jefferson Avenue, unless otherwise noted.
5. It is the owner's or owner's authorized agent's responsibility to provide supporting information and/or evidence to the Board of Adjustment explaining why a request should be granted. This information/evidence should be submitted as a part of the application. Additional information may also be presented at the Board's hearing on the matter.
6. Unless continued, a letter indicating the Board's action on the request will be sent to all applicants within one week after the Board's hearing on the matter.
